

## MAP Trainer Spring 2025 Clarification: Maintaining MAP Trainer Status

The MAP Trainer Spring Webinar slide that addresses the once-a-year training requirement to maintain approved MAP Trainer status is clarified below.

“Maintain Active MAP Trainer Status,” slide 55 notes should say, “For current trainers, the once-a-year requirement is calculated using your last Certification Training **completion** date. You must ensure that your next training **completion date** falls within 365 days of that date. For example, a trainer conducts a Certification Training beginning May 21st, 2025. To meet the requirement of training at least annually, the trainer must **complete** a Certification Training before May 21st, 2026”.

**This means that to maintain active MAP Trainer status, at least once every 365 days a MAP Trainer must have at least one student complete all components of the MAP Certification training, and the MAP Trainer must enter a valid training end date for that student in TMU®.**

Please contact your State Agency MAP Coordinator if you have any questions.

Thank you,

DDS/DMH/DCF/MassAbility MAP Administrators
